1	It looks like this survey is missing a question about D1.1, but I'd vote in compliance for that too. --Cheyne	4/25/2021 11:40 AM

Q2 In the case of directors or committees requesting information or assistance without Board authorization, the GM will have the right to refuse any requests which, in the GM's opinion, may disrupt operations or that require too much staff time or resources.

1	To the best of my knowledge, in my time on the Board, Melinda has never been denied the right to refuse a request on these grounds. Moreover, Melinda has never had to outright refuse a request, because the channels of communication are open, and if there is any uncertainty as to whether the time required will be worth the request, we talk it through. In compliance. -- Cheyne	4/25/2021 11:40 AM
