What is the question here?

Policy C3 - Agenda Planning: We will generate and publish workable annual and monthly agendas. (Compliance with the sub-policies will demonstrate compliance with the top-level policy). Comments/Data (optional):

This top-level policy used to include a "strategic multi-year workplan" in addition to an annual agenda. We removed that line in 2019 because, at the time, we didn't have such a workplan. However, now we do, and I suggest we send this policy to P&B to add it back in, on the grounds that having a multi-year workplan is vital, and we should set that expectation for ourselves.--

Policy C8 - Governance Investment: We will invest in the Board's governance capacity. (Compliance with the sub-policies will demonstrate compliance with the top-level policy). Comments/Data (Optional):

Last year it was asked, "This statement is vague. What and why will we invest? What is the goal?" This is a good question; I'd support sending this to P&B so we can review the top-level policy. Should it say "The Board will invest sufficiently in its governance capacity to allow it to govern with excellence"? That seems like a more sensible largest bucket.--Cheyne

If we end up sending C8 to P&B, I think we should revert this subpolicy to simply requiring us to so it "in a timely way", since our work calendars should establish dates like this. But if not I'm not going to fight for this hill.--Cheyne

This subpolicy is new since last year. In compliance to the best of my knowledge, counting on anyone who thinks we're out of compliance to let us know--Cheyne
